Our vision is to combine **professional expertise, modern technology, and a dedicated workforce** to deliver seamless solutions that exceed client expectations.

Our Vision

“ We Focus On Delivering Value
To
Our Customers, Investors, And People
Community. ”

Namami Facility Management

(NAMAMI Integrated Facilities Management)

What is Namami's Facility Management?

“NAMMI Integrated Facilities Management is the processes within an organization to maintain and develop the agreed services which support and improve the efficiency of its primary (Core Function) activities.

- ✓ High Standards of Service Delivery
- ✓ Single Window Delivery Accountability
- ✓ Cost Efficient – High Quality Control and Management Service
- ✓ Site specific, Man & Machine Combined Optimized Solutions

Transition

Transition is the period between the two phases & the related process of a building i.e. the period between the project stages to fully operational stage of a building.

The complete transition process of a building starts from the fit out stage onwards which includes thorough snagging of the entire building its equipments, various services/systems, their testing & tuning.

Compilation of the complete built drawings, manuals, Tests, trials & commissioning reports, data of all equipments & systems including all documents pertaining to Statutory compliances as per state & central government's norms.

Our core technical team comprising of subject matter experts with vast & multifaceted experience can add value to your organization & its assets

Services

Soft Services

House Kipping Services

Smart & Hygienic House Keeping Management, upkeep of the building including facade & water bodies, as per the international standards including decoration with an eye for details.

Smart Cleaning Program is being implemented with microfibre systems. With its technologically advanced methods and scientific approach that eradicates traditional mop and bucket systems, Smart Cleaning Program ensures healthy work place environment for everyone.

Landscaping Service

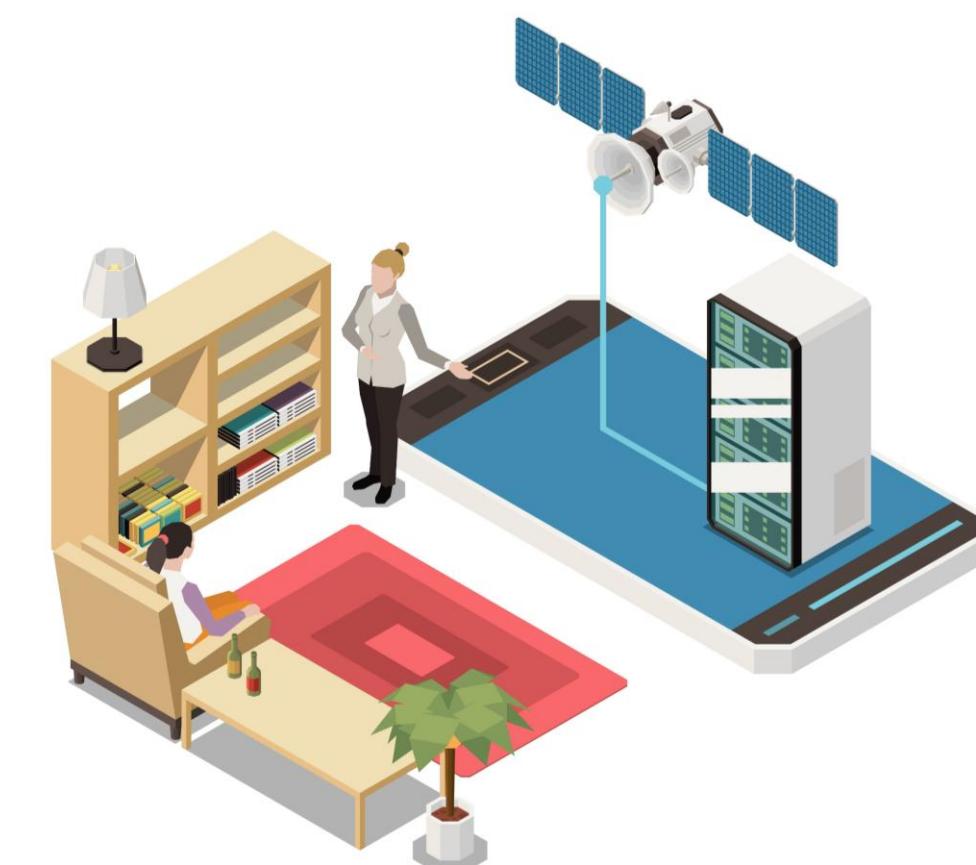

To maintain the Grounds (Hard/Soft), water bodies, gardens, Trees, Potted Plants(indoors & out doors), lawns & flower beds with seasonal plants.

Space Utilization Standard

Along with building services, dealing with office spaces for space optimization, can also be under the responsibility of the facilities department.

Pest Management Services

To maintain the entire work place along with kitchen, cafeteria, pantries etc. free of all pests & rodents (one can well imagine the colossal damage which can be caused by a rodent / mice by nibbling/ gnawing a data cable in an office space.

Mechanized Laundry Services

Management (Operation & Maintenance) of mechanized laundry in hospitality sector i.e. 5 Star hotels & large camps/Campuses is also included as part of IFM services of Loops .

Pantry, Cafeteria, Catering & Guesthouse Management Services

A decent, hygienic & composite pantry, vending service, cafeteria & mess management .also falls under the preview of IFM.
